TRADITIONAL BANNERS

■■■■ FELT, TACKLE TWILL & NYLON ■■■■

Powerful in their simplicity, traditional felt, tackle twill & nylon banners remain as relevant now as always. Constructed by hand by dedicated craftsmen-these banners are a true classic.

- Choice of grommets, pole pocket, or loops
- 16 standard sizes plus custom sizes available

"THE QUALITY OF THE PRODUCT IS SECOND TO NONE."

"The De Soto School District is proud to have NEFF banners hanging in our gymnasium. The quality of the product is second to none. I have used NEFF for all banner purchases for nine years and have been extremely pleased with each purchase. Great job NEFF!"

**-Assistant Superintendent Chuck Hasty,
De Soto School District-De Soto, Missouri**

what makes NEFF banners SO EXCEPTIONAL?

- Some customers might tell you it's all about the **graphics**. Neff's unparalleled standards for color, layout and cutting edge design give us the leading edge.
- Others will say it's in the **quality of our materials**. Whether vinyl, felt, tackle twill or nylon-every Neff banner is carefully constructed of the finest components and meticulously crafted with your satisfaction in mind.
- Still, there are others who will argue it's all about **tradition**. We've been making banners for schools just like yours for over 50 years and believe we've gotten pretty good at it.
- What do we think? Well, if you ask us it's that **little something extra** that goes into every banner we make. And it's that something extra that makes us America's #1 choice for banners.

WE TAKE AS MUCH PRIDE IN MAKING YOUR BANNERS AS YOU WILL IN HANGING THEM.
